Peacock \$20

This scarf's pop of color comes from a very soft woven yarn that everyone will want to touch.

Atari \$20

This scarf is wider, providing a structured collared look inside the jacket. Perfect to wear over a simple black sweater.

Skylight \$20

This textured look is stunning with woolen camel coats, brown leather, or a simple jean jacket. The dark to light progression allows for the wearer to choose which side to feature when they knot it around the neck.

Hester \$20

My favorite of the bunch. Hester is named after my red-headed great grandmother, who flew planes for the air force and then opened her own hair salon. This scarf doesn't care if you like it, but if you do, you can sit with us and be eccentric. 😊

Trey \$20

Named after my husband, this scarf is a great unisex piece for a gift exchange. The soft woven stitches will go with any jacket on any person.

Aubrey \$20

Named after my youngest daughter, Aubrey choose these colors for her own scarf. I liked it so much, I made another one!

Sophie \$20

This scarf is super soft with a structure crocheted from a cuddly Baby Bernat fleece yarn and woven with a Baby Bernat blanket yarn. Perfect for kids or adults!
